1. Dimensions according to relevant drawing or relevant level (purchase order reference). If there is no drawing, the specifications are described in the Purchase / Quality Particular Specifications table.
2. The material shall be free from impacts, burrs, scratches, flatness unevenness, etc., and shall be packaged and strapped to avoid any damage to the product during its subsequent transport or handling.
3. The quantity delivered shall be the one ordered in the purchase order. Any modifications shall be consulted with the Procurement Department.
4. The material shall be identified by manufacturing date or batch.
5. The material that fails the relevant Quality inspections at LAMP S.A.U. shall be returned to the supplier.
6. Check destination before delivering the material.
7. The material shall comply with the RoHS regulation and the Directive 2011/65/EU and 2015/863/EU (Order PRA/329/2017 of 7 April amending Royal Decree 219/2013 of 22 March).
8. Environmental requirements shall be taken into account, in order to minimise the generation of waste and CO2 emissions.
9. Suppliers shall ensure compliance with environmental regulations by accrediting the appropriate management of waste and providing proof thereof or by providing the company's ISO 14001 certification.

Supplier:		Date: 20/01/2020
Specifications		
Visual	No impacts or rust	
Dimensional	Unless there is a drawing, the attached table shall be used instead; see table of tolerance.	
Characteristics	Colour and/or treatment as specified in the purchase order.	
Handling	Rough handling shall be avoided. Maximum weight per pallet should be 1500Kg.	
Packaging	The formats shall be covered with metal sheets to avoid damage of the pallet contents and strapped in such a way as to prevent movement during transport. The first format must be protected with metal sheet or cardboard. The contents must not be larger than the pallet.	
Delivery	Those specified in the purchase order.	
Tolerance Table		
Tolerance measurement LENGTH (supplier cut)	± 0.5 mm	
Tolerance measurement WIDTH (supplier cut)	± 0.5 mm	
Squaring (Diagonal)	± 0.5 mm	
Flatness tolerance	MAXIMUM 1 mm	
Observations		
THESE TABLES SHALL BE VALID FOR ALL SHEETS IF NO DRAWING IS AVAILABLE		
Defects observed in previous series:		
WHEN IN DOUBT, CONTACT QUALITY
